HEPATITIS FOUNDATION OF TRIPURA

INVITATION

Dear Doctor,

Greetings from **Hepatitis Foundation of Tripura.**

The Hepatitis Foundation of Tripura is dedicated to the care of liver diseases in the state.

The academic wing of HFT has been regularly organizing scientific program in the form of "**LIVERCON**" since 2011. Initially the conferences were held biannually. However from 2025, the foundation has decided to organize the conference every year.

The conference will now be held on the second Saturday and Sunday in the month of June every year. Accordingly, the **HFT LIVERCON VIII** will be held on **14th and 15th June 2025 at the International Convention Centre, Hapania, Agartala.**

The foundation has been instrumental in various pioneering program like :

1. **Mass Hepatitis B vaccination**
2. **At Birth Vaccination**
3. **Triple Virus prevention program, etc.**

As we know, the pattern of morbidity associated with liver diseases has been changing with time, and so has the mortality in recent years being closely related to many other diseases particularly metabolic syndrome. An holistic approach to liver diseases has therefore become the need of the hour.

To make this movement eventful, we invite you to be a part of our scientific program and make these two days of academic extravaganza a fruitful event.

We at HFT believe that scientific knowledge should always be translated to the community and keeping this in mind, the theme of **LIVERCON VIII** holds,

"Liver Health for All : Empowerment of the Community"

Let us all come together and make it a wonderful event.

Dr. Pradip Bhaumik
Organizing Chairman

Dr. Arkadip Choudhury
Organizing Secretary
